BRIEF ABSTRACT OF LETTER

Reference to G O No 10581-82 Ed 242-96 G 15th Feby 1901 states that no mention is made in the order regarding the maintenance of the Hostels by the P W D and that as the buildings are maintained by the Dept presumably the cost of any repairs should come out of the collections

NOTES AND ORDERS

H Mong 27.4.09

2 In the order of 1901 the principles on which grants-in-aid are made to Students' Hostels are enunciated & the same principles have been applied in the case of the central college Hostel also

3 The grant is to meet the charges for establishment & house rent the other expenses being ~~borne~~ met by fees collected from the Boarders In the case of the Central College instead of taking house rent into account in fixing the grant, Govt placed a building at the disposal of the Hostel The Supdt is paid by Govt & a grant of 100Rs a month is made towards the cost of the other ~~establishment~~ establishment.

4 The present question is whether the room rent recovered from the boarders should be credited to Govt in the P.W Dept or left to be used for the general expenses of the Hostel the necessary repairs to the hostel buildings being executed by Govt at its own cost

5 From the order of 1901 it will be seen that the responsibility of Govt with regard to the building granted to the Central College Hostel is the same as the responsibility undertaken by Govt in regard to the other hostels in respect of house rent

6 Ordinarily the rent of a house owned be equivalent to the ~~made~~ up of the expenses of ~~repair~~ periodical repairs & maintenance charges,

local taxes &c and a fair return on the capital cost of the building In meeting the house rent charges in the case of other hostels Govt is virtually paying the local taxes & ~~meeting the cost of~~ periodical repairs besides ~~boarders~~ paying the landlord a fair return on his capital outlay Though the boarders pay rent for rooms in such hostels ~~Govt does not~~ the amount is not credited to Govt but is used by the hostel for general expenditure & ~~Accordingly~~ In the case of the Central College hostel ~~Govt~~ is Govt ~~got credit for~~ the rent from the students would only be in the position of a landlord who let his building for a hostel & would not be making any grant-in-aid to the hostel ~~similar to that~~ as is to the other hostels & it is only by placing the building at the disposal of the hostel free of all charge & ~~itself~~ undertaking periodical repairs & the payment of local taxes that Govt will ~~deal~~ treat the Central College hostel in the same way as ~~the~~ it treats the other hostels

This is not the position that I intended to take up in the order of 1901.

If the Govt build is to be free of rent & the Govt to bear all structural charges, and the Students to bear boarding & lighting charges I don't understand for what purpose the Hostel Committee are to advise the rates of rent to be charged by the Students. 49 Govt Wen says that a definite policy should be laid down and adhered to The question is whether the expenses of boarders are to be raised by the payment of rents If Govt decide that the expenses should be so raised the Govt thinks that the rates of rent should be fixed according to some definite principle in the different hostels according to the advantages enjoyed by the Students

SIR,

With reference to your letter No. 8017 dated 17th December 1908 requesting to be informed whether the rooms in the Maharaja's College Students' Home are rented out to students, I have the honour to inform you that the rent levied for rooms in the Students' Hostels of the Bangalore and Mysore Colleges has hitherto been appropriated by the Managing Committees towards the maintenance of the Hostels. It would be a hardship to make a change in the middle of the year or to call upon the Committees to refund the rents received since 1st July 1908 upto date. I would therefore request the Principals of the two Colleges to pay the rents from 1st July 1909 into the Treasury to the credit of the D.P.W. if you approve, after deducting the taxes and Water Cess payable

SIR,

With reference to your letter N° 3081/Ed 400-08 of the 27th September 1909, I have the honour to forward copy of letter N° 246 of the 9th instant with copies of accounts of the Central College Hostel from 1901 to 1909 received from the Principal.

2 The accounts show that there was on January 1910, an opening balance of Rs 4697-4-8, and Mr Pants' letter shows how the Credit balance arose

3 With reference to para 2 of your letter, I have the honour to state that the debit balance of Rs 1316-0-4 refers merely to the working of the institution during the period of five years 1904-5-6-7-8, and does not

SIR,

With reference to your letter No 4582/409, dated 5th November 1909, I have the honor to enclose 3 statements of income and expenditure of the Central College Hostel from February 1901 to 31st December 09. The credit balance arose partly from the excess of income over expenditure during the first five years 1901-1905, partly from the unexpended balance of a lumpsum grant for furniture when the Hostel was started, and partly from annual interest on a fixed deposit for Rs 3000/- in the Bank of Madras since March 13th 1906

From

J WEIR, ESQ, M A,

Inspector General of Education in Mysore

To

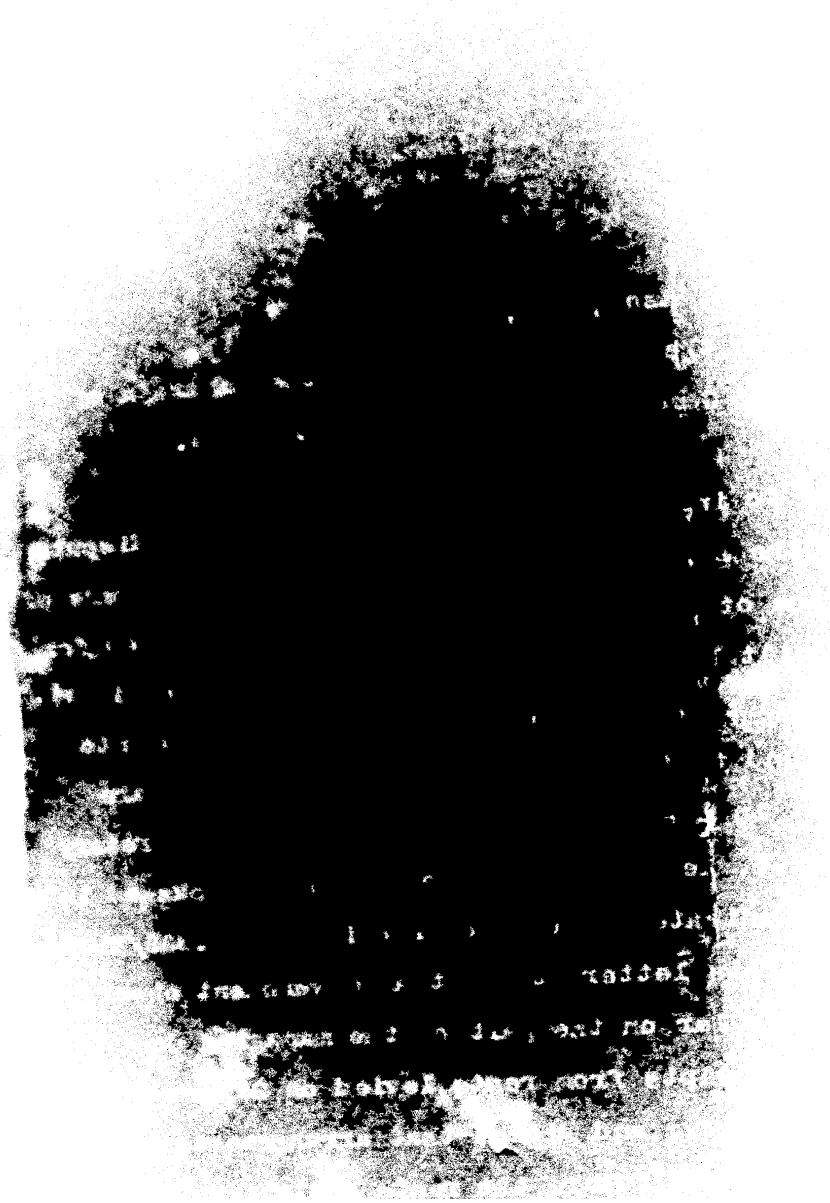
C S Balasundaram Iyer, Esq, B A,

Offg Secretary to the Government of H H the Maharaja of Mysore, General and Revenue Departments

SIR,

I have the honour to inform you that there has been a dispute for some time between the D P W on the one hand and the managers o students' hostels on the other, regarding the house rent charged for rooms in the hostels built by the D P W The Chief Engineer, in th beginning of 1909, claimed that the house rent should be paid into the Treasury, on the ground that these hostels were built, and are maintained by Government in the D P W department, and as Secretary to Government in the D P W he got an order of Government passed in March 1909, which was communicated to this office, in his No 333/217 dated 20th March 1909. This letter states that Government observe that it was certainly irregular on the part of the managing Committees to have spent the receipts from rents levied on Government buildings without any authority, and direct that arrangements be made to pay into the Treasury in future the rents collected from these institutions to the credit of this (the D P W) department

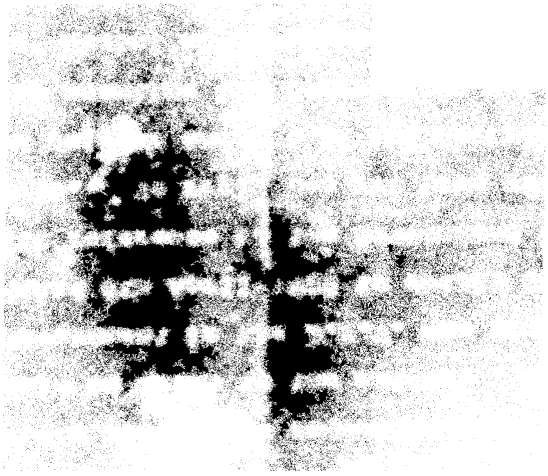
Unfortunately this order overlooks Government Order No. 10581 -Edn F 42-96 dated Bangalore 15th February 1901 which lays down th policy of Government in regard to Students' Hostels In this ord the general principle is laid down that the amount of the grant is not to exceed the charges for establishment and house rent In t particular case of the Central College hostel as a suitable Govern ment building had been provided, the manager was authorised to



iraw a sum not exceeding Rs 158 per mensem to meet establishment harges, and to make his own arrangements for the banking of all ollections from the boarders It is clear from Mr Cook's letter on which this order was passed that these collections were to include rent for the use of rooms, and it is explicitly stated in hi letter, and sanctioned by Government that he is at liberty to draw on his bank account to meet the current charges of the Hostel.

When the order intimating that the rent collected was to be paid to Government was communicated to the Principal of the Central College he replied that the order of February 1901 was sufficient authority for using the amount collected as house rent for the maintenance of the Hostel, and requested that the attention of Government should be drawn to the matter. Accordingly the Secretary to Government in the D P W was requested in this office o 8964/1721 dated 6th April 1909 to obtain Government orders on he subject with reference to the Government Order of February 1901 eferred to above No reply has yet been received, and no rent as as yet been paid on account of the Central College Students' ostel In the meantime the Comptroller has stopped all repairs o the Students' Hostel at Government expense

When the President of the Maharaja's College Hostel was asked o pay the house rent into the Treasury he said that the total stablishment expenditure was equal to the sum of the Government rant and the amount collected as house-rent, and requested that he monthly grant should be increased by the amount paid into the reasury He pointed out that the amount of the grant was small- s 71-as compared with the grant to the Central College Hostel, id that it would be a great hardship to the students living in the ostel if the cost should be increased on account of the payment of ouse rent No action was taken on this letter pending a reply to e letter addressed to Government through the Secretary in the P W. The amount collected as house rent was paid into the easury by the manager of the Studnets' Hostel from April 1909 to rch 1910 when a furtler application was made for relief, and the



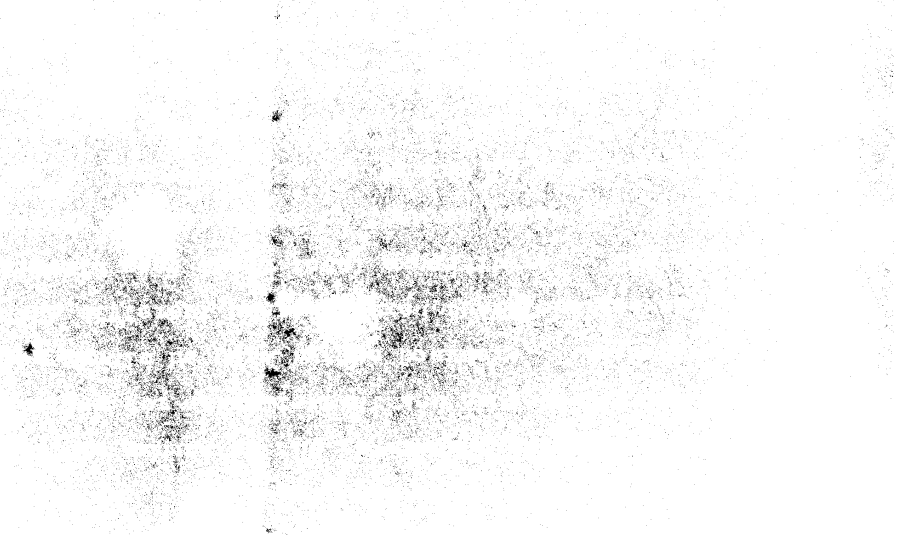
manager was authorised by this office to keep the rent in deposit until the question is settled.

A similar question has been raised regarding the Students' Hostel at Tumkur, and the Headmaster of the High School says that it will be a great hardship on the students if the amount collected as house rent is annexed by Government

The same question has been raised in connection with the Studnets' Hostel at Kolar, and the Headmaster of the High School has been asked to show reason why the house rent should not be paid into the Treasury

It is highly desirable that a definite policy should be laid down and adhered to The Government Order of 1901 lays down the principle that the amount of the government grant should not exceed the charges for establishment and house-rent, and that the other expenses should be paid by the boarders Accordingly the managers of the different hostels fixed their charges so that their total income would meet their total expenditure The charge called house-rent was not meant by them as house-rent in the ordinary sense of the term, i e an amount to cover interest on the capital expended on the building, and outlay from time to time on repairs and upkeep They charged separately for the food consumed, and levied, under the name of house rent, an amount to cover other expenses such as lighting and the additional establishment not paid for by the Government grant If Government decide that rent is to be paid for the use of the hostels the students will still have to pay this additional assessment to meet the current charges of the hostels, but it will be levied under another name lest the D P W should lay claim to this amount also

The real question before government is whether the expenses of students living in hostels are to be raised by the payment of rent for the rooms The managers seem to be unanimous in thinking that the present charges are quite as high as the students can afford to pay But if government decide that houserent must be paid without regard to the consequences, then the amount of the house rent



should be fixed according to some definite principle with regard to the advantages enjoyed by the students in different hostels. If however Government agree with the managers that the present charges are as high as the generality of students can afford, the simplest way out of the difficulty would be for Government to direct that the assessment levied as house rent should henceforth be levied as establishment charges

I have the honour to be,

Sir,

(*Continuation Sheet Draft form*)

The General principle regarding Students' Hostels as laid down in G.O. No 10561-2 dtd F. 42-96 by the 15th February 1901 is that the amount of the Govt grant should not exceed the charges for establishment and house rent, the other charges being met from fees collected from the boarders. The buildings for hostels are given in accordance with this order free of grant by Govt and ~~that~~ the Room Rents therefore levied need not be credited to the P.W.D. The Repairs to the buildings should ~~of~~ course be carried out by the P.W.D from the funds at the disposal ~~of that Dept~~

and all along the students have been paying
only their boarding fees The number of
boarders is not fixed and there are
2 or 3 small children huddled up in

old the roof leaky and the flooring badly

meets the modern requirements of the boarders.
Being, however, young children, the sons of

they often find it difficult to meet - In the
